# BRIGHTWORKS CLUBS

## PROJECT OVERVIEW

**Guiding question:** What are ways I can connect my interests and passions to help others in my community?

**Final product:** Infinite possibilities such as creating a model, proposal/pitch, virtual event, video. Participants will choose how they want to showcase their project.

## TIMELINE

- **Week 12: Brainstorm**
  - Participants will start to think of a couple ideas their project can be.
- **Week 13-15: Research and Design**
  - Participants will conduct the necessary research to plan their project. They will connect with individuals, organizations that would help them execute their project.
- **Week 16-20: Implement**
  - Participants will implement their project idea while still getting guidance from us. We will be hosting "office hours" where you can drop in if you have any questions.
- **Week 20-21: Feedback and Reflection**
  - Participants will have the opportunity to present their project and receive constructive feedback. Participants will reflect on their performance and what they learned.
- **Community Event**
  - Participants will present their final product to friends, family and community members!
